

## Proposal allocation profit 39<sup>th</sup> Board of F.A. SHARE

This year the 39<sup>th</sup> Board has made a profit (that exceeds the budget) of €2.314,74. The Board proposes to allocate this profit as follows:

### 1. Almanac Launch

This year the Marketing & Almanac Committee made an almanac to celebrate SHARE's 8<sup>th</sup> Lustrum. In order to give the almanac a proper introduction, our plan was to organize an event to launch the almanac. The 39<sup>th</sup> Board proposes to move €750,- of their profit to this event so this can be organized when the almanac is ready. As publishing an almanac does not happen every year we want to make this a special event and expect the attendance to be high. So, to make this a memorable event we believe this amount will be adequate.

Costs: €750,-

### 2. Tripod Camera

To increase professionalism, we would like to invest in a tripod for the camera. This can be used during recordings of 'SHARE your future', for photo settings such as committee/Board pictures, or a Photo Booth setting during a party. We want to choose a light model, easy in use, that can also be transported and be used during trips. It should serve us well in video settings as well as picture settings.

Costs: €149,-

### 3. Extra contribution for changing the amendments

The 39<sup>th</sup> Board wants to allocate a part of their profit to the reservation that was made last year to change the amendments. We have not received the invoice from our notary yet but the reservation of €854,25 that currently stand will not be enough to cover the costs. Therefore, we want to add €100,- to this reservation to bring the total of this reservation to €954,25 which we believe will be enough.

Costs: €100,-

### 4. Lustrum

Each year the Board contributes to the upcoming Lustrum. We were fortunate enough to celebrate the 8<sup>th</sup> Lustrum and receive the reservation made over the past 5 years. This reservation was spread over the Lustrum Committee, the Lustrum Trip, and the almanac. This reservation was not enough to cover all the costs for these committees so from the 40<sup>th</sup> Board onwards the contribution will be €4.000,-. In line with that, we decided to add a further €1.000,- to the booking for the 9<sup>th</sup> Lustrum

Costs: €1.000,-

This brings the total amount of this proposal to €1.999,-. The remaining amount of €315,75 will flow into SHARE's equity.
